

Hello GWRRA Members

Have you ever been curious about what training is available from **GWRRA**? We have been ask that question many times over the years. The **Lists of Available Training** was developed to provide a quick and easy place to see what training **GWRRA** offers. The list is posted here on the Website which provides simple access for all members. It includes many one hour or less seminars covering a wide variety of topics. We also have almost 30 new Training Modules in the new more interactive style. There are also 2 additional all day training sessions available which I'll briefly describe here:

OCP (Officer Certification Program) is a certification program administered by the Leadership Training Division for **GWRRA Officers** and **Members** interested in knowing how our Organization is structured and why it operates the way it does. The Training also provides insights into **GWRRA** Finances and the IRS, Program Interfaces, Organizational Structure, Time & Stress Management, Managing Conflict, Problem Resolution, and much, much more. Hopefully it provides everything you ever wanted to know about **GWRRA** while presenting participants with the **Tools, Information, and Confidence** to enhance the **GWRRA** experience. This all happens in one day with other members of our **GWRRA** family of friends.

ITCP (Instructor Training Certification Program) is a cooperative effort between the 3 **GWRRA** programs; **LTP** (Leadership Training Program), **REP** (Rider Education Program), and **MEP** (Membership Enhancement Program). After successful completion of the **ITCP**, the GW University Instructor is qualified to present any of the Training Seminars and all the new interactive Training Modules. The lists of available training are posted on the District Website Training page. This training is designed to teach Candidates the skill sets necessary to be **GW University Instructors**. Participants will learn presentation techniques, communication skills, how to best utilize technology and interact with the participants, plus many other valuable skills that will enable them to prepare and present training to fellow **GWRRA** members.

Please check out the lists of available training. All questions and training requests should be directed to us by e-mail or phone. It's our goal to provide the most requested and beneficial training for our members. We'll make every effort to schedule the training at a time and place that is the most convenient for the majority of the participating members. With the support of the **GW University Instructors** located throughout the state, we will do our best to make the training both **Informative** and **FUN!!!**
